Eligible Species

Competition Rules Summary

A: The minimum weight for each species is 450 grams, **gilled and gutted**

B: Points shall be scored as follows:
 100 points per fish (2 butterfish = 200 points)
 10 points per kilogram
 Maximum weight of 8 kg for any one fish

C: Immediate DQ for any pair that presents any fish that does not meet MAF regs
 *No penalty for ungutted fish but they will not be counted

D: Every boat must fly a diver's flag.

E: Pairs competition, each pair must tow a red or orange float, or have
 A plat with a short line of no more than 4 metres and the other line
 No more than 50 metres
 One diver must be on the surface at all times
 Both guns to be tethered to the float at all times
 Divers to be within 200 metres of their support boat

F: No refunds will be given for cancellations or postponements.

G: All weighed in fish are property of the organizers for charity auction

H: All boatmen must know at all times where all their divers are as failure may result in disqualification.

I: The organizers accept no liability and divers enter at their own risk and certify that they are in good health.

J: All divers must report back at the end of the competition whether they have fish to present or not.
